Lead UX + Product Designer based in Fort Lauderdale, FL, with 7 years of experience. Natural Servant Leader. Experience includes VP of UX Design, & Design Director with a proven track-record in Telecommunications & Financial sectors in B2B & B2C products expanding to a global reach. Driving innovation & conducting research to value-added IA/UX deliverables. Highly collaborative, Pioneering research-driven UX Design in both large corporations and startups working with C-Suite leaders, business stakeholders, copywriters, developers & end users to create reliable, simple, and exceptional digital experiences.
PS - As Design Owner, I led the design for the launch of Bridge, a VC-backed lending platform in an accelerator program. Bridge allows companies to reach over 75 banks & CDFIs with a single business loan request.

EXPERIENCE

VERIZON, REMOTE

Lead UX Designer   July 2022-Dec 2023

- Conduct competitive analysis on onboarding & authentication flows to build a holistic, user-friendly registration flow
- Redesign the Sign In & Forgot Password process on Dotcom, mDot, & MVA platforms from an archaic system to VDS 3.0, transforming broken flows into cross-platform eligible experiences that support users' safety and trust of Verizon's web browsing experience
- Research, spot testing, data analysis, & build Dev-ready Figma prototypes for various Privacy needs including for the Verizon Privacy Dashboard (VPD) Universal landing page & post-authentication user flows in compliance with CCPA laws
- Build a comprehensive, complex VPD sitemap across DotCom & mobile platforms, increasing visibility of privacy across our digital landscape by over 40%

CITIBANK, NEW YORK, NEW YORK

Lead UX Designer   November 2019-June 2022

- Own and lead the Design for Bridge Built by Citi, a Citi Ventures backed innovative lending platform for small businesses with over 30 participating institutions at launch
- Democratise lending of upwards of +$2 Billion by simplifying an application experience in a modern, easy to use format
- Facilitate consensus working with MVPs conceptualizing, visualizing and communicating ideas with stakeholders and Lead Design efforts for increased global traffic amongst Citi Commercial Bank, a financial services platform that transforms clients' onboarding & 8 banking journeys, revenues of +$10M, & global reach in over 40 countries, & subsidiaries in over 90.
- Pioneer research & user-driven design thinking in relevant teams, leading to a global expansion of Gateway, a mid-market client platform serving individual clients, CFOs and businesses with cash, loans, and service-related tasks
- Champion design excellence in global cross-functional environments with major transformation initiatives across existing client portals & User Journeys, optimising digital onboarding, a fully responsive customizable welcome portal, simplified KYC, a global digital ecosystem strategy, platform compatibility with CitiBusiness Online, & leadership/oversight of the Gateway mobile app

BLOXX FOUNDATION, NEW YORK, NEW YORK

COO, VP of UX Design & innovation   August 2018-Apr 2021

- Convert an idea of a digital cryptocurrency exchange & marketplace, while brainstorming with CEO, to a fully branded creative strategy & executed plan for a live, functional trading website.
- Own Design Strategy from Wireframing to Rollout, Marketing, & Business Insights which resulted in over 7,000 social media reactions & global impact for further investors from NAM & EMEA, & APAC regions.
- Enact a complete campaign for Pre-ICO, & Trading Exchange launch, educating our target audience on specific promotions & creating solid brand awareness in over 12 countries before launch.
- Advocate for UX influencing strategy and ensuring best practices with regards to UX leading the product vision, alongside development voice & insight into early stages of the product lifecycle

140 WEST - VERIZON, NEW YORK, NEW YORK

UX Design Director   February 2019-September 2019

- Manage teams of Designers, Photographers, Copywriters, & Casting Crew collaborating to build short promotional reels displayed in stores nation-wide
- Design UI Multimedia assets to build compelling customer retail, video, & web experiences using Sketch
- Provide Art Direction at on-site locations with Cast to ensure a smooth live enactment of promo storylines
- Work closely with Post-Production on Premiere & Photoshop for a final rendition of assets
